## **ABOUT THIS COURSE**

### **BUS 101: Business Organization & Management      3 Credits**

Business Organization & Management is a general survey of business, with an analysis of business enterprise elements and functions. A fundamental consideration is also made of the various areas of business specialization.

- This is an introductory course, with no prerequisites required.
- Part of the **Business Accounting, Business Administration, Business Administration: Sport Management, Computer Information Systems, Health Services Management** degree programs, or could be used towards a **Liberal Arts** or **Individual Studies** degree, or the **Payroll Certificate**.

The course can be taken without applying to Clinton Community College (regular tuition costs apply).

Students admitted to Clinton can apply for financial aid.
