Dear AuSable Forks Elementary Families,

Welcome to the 2020–2021 school year! Thank you for your continued support as we start the year with remote instruction. It has been a team effort to get Chromebooks distributed and instruction ready to begin on September 8th. Please know that we are here to support you and your children throughout this process.

We officially begin remote instruction on September 8th. We want to take the first week of school to help families get adjusted to using a Chromebook and accessing Google Classroom. We would like to remind families to check their email for the Google Classroom invite. Our teachers will be posting welcome back videos for our students and expectations for how they will deliver instruction. The first week of Google Meets will allow the teachers to meet their students and begin building a relationship. The social and emotional well-being of all of our students is extremely important to us. We also know that this will be a learning curve for our students and families. Taking the time now to teach everyone how to access instruction and what our expectations are is important for building a strong foundation for remote learning.

We will begin live academic instruction the week of September 14th through Google Meets. These meets will be scheduled in blocks of time by grade level. Teachers will communicate the schedule so students know what time to sign on. These blocks of time will be consistent while we are remote. Please check your child's Google Classroom daily for updates.

It wasn't an easy decision to start with remote instruction, but the health and safety of our students, faculty, staff and community are paramount. This will be a team effort between home and school. We appreciate your patience and look forward to building a strong partnership with our families this year!

With Patriot Pride,

A handwritten signature in cursive script that reads 'Abby Seymour'.
